Subject: Urgent Help: Right to Life Of My Children

Dear Sir/Madam,

Could you help with my case? My Lawyer filed a petition on behalf of my embryos with the IACHR (inter-American Commission on Human Rights) in November 2008. We have called numerous times and have sent emails, but have not heard from them. The US government has denied the right to life of my 6 days old developing children. They are frozen pending the legal outcome. The court decided that as part of my divorce settlement to kill my children and deny them their rights to life with me, their loving mother. I have absolved my ex the financial responsibility, but he wants them killed anyway. I live in Houston, Texas and the state of Texas Penal Code 1.07(a)(26) prosecutes anyone that harms an unborn from "fertilization to an individual". The state discriminated against my children and has slated them for execution on April 20, 2009. Please help stop this violent act. I love my children and want to raise them to be all that God has created them to be. Thank you for your urgent help.
